MISSION STATEMENT

We are mental health and addiction professionals joined to advance the most effective means to identify and to treat problem and pathological gambling, while providing a common voice for our colleagues.

WHO WE ARE

APTPG is a specialized professional association. APTPG was created to fill a need among clinicians in the compulsive gambling field. Such collegial organizations are essential for the ongoing development and improvement of knowledge base and skills. APTPG activities are directed toward answering the question, "What are the commonly accepted state of the art criteria and practices in the treatment of compulsive gambling?"

The Association of Professionals Treating Problem Gambling hosts educational and informative seminars. Each seminar offers CCGC and recertification credits. APTPG meets bi-monthly on the second Saturday of the month at the Law Center in New Brunswick. Time is provided for discussion of current gambling trends, policies and news as well as case studies. It is a great opportunity to interact with some of the leading compulsive gambling authorities in New Jersey, a chance to share knowledge and pick brains. Here are some examples of past APTPG seminars:

"Assisting the Compulsive Gambler in the Judicial System"

"Senior Gambling: A Growing National Concern"

"Co-Dependency"

"Brain Chemistry and Gambling"

"Gambling: Female Specific Issues"

"Criminal Sentencing of the Gambler: Mitigating Factors"
